(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply)

On July 21, 2006, in response to non-receipt of a further Office Action or Notice of Allowance, and on behalf of Applicant, the undersigned searched on "Private Pair" to ascertain the status of the above-identified application. Upon reviewing "Private Pair", the undersigned noted that as of January 21, 2004, the application was indicated as abandoned for failure to respond to an Office Action, dated June 12, 2003. However, the undersigned attorney, never received a Notice of Abandonment, nor was there any indication in the "Private Pair" system that a Notice was ever mailed.

The abandonment of the application was improper because Applicants timely filed a response to the June 12, 2003 Office Action on the three-month due date of September 12, 2003. Copies of the Office Action, Amendment and date-stamped filing receipt are attached for the Examiner's convenience. According to "Private Pair", the application was marked "lost" on November 2, 2003. Furthermore, the file was located on March 12, 2003, three (3) months after the filing of the Amendment in the U.S. Patent Office. Thus, it is clear that the PTO failed to properly docket the response.

The undersigned respectfully submits that as demonstrated by the attached copy, an Amendment was timely filed on September 12, 2003. Accordingly, the undersigned respectfully requests that the application be withdrawn from abandonment and prosecution on the merits be continued.

In the event that the Examiner believes that any fees are due with respect to this paper, the undersigned authorizes that they be charged to Deposit Account No. 19-4880. A duplicate copy of this paper is attached herewith. However, since the abandonment of the application was improper, it is submitted that no fees should be charged to revive the application.
